High Quality 24K gold
Male HDMI Connector

.19" Cable Thickness

.715" Cable Width

Calrad's new Flat Series UL Approved HDMI Male to Male interface cable construction reduces signal noise and digital jitter. The Oxygen-Free Copper (OFC) minimizes signal loss and attenuation of signals. It's unique flat cable design provides added physical benefits of using the cable under carpeting and in area's that require a low overall profile.

Perfect for under Carpet
or between tight spaces
